Item	Model	Picture	Specifications
1	D7		1000W 808nm laser hair removal cooling painless 12*21mm handpiece warranty 30 millions shots within 1 year machine in 5 years warranty 30Kg
2	D4/D6		2400W 4D mixed 755 808 940 1064 hair removal ice painless 4cm^2 spot handle with changeable spots Double TEC cooling handpiece in 1 year warranty,up to 50 millions shots machine in 5 years warranty 58Kg
3	Diode Stack		macro laser array 300W-4800W micro laser stack 300W-4800W
4	Optical Module		Optical module for diode laser handle 1200-2400W single wavelength 808nm 4800W two wavelenght 808/1064nm ODM services available
5	laser handle		
6	Exclusive Customize handle		Customize Handpiece design and produice / changeable spot size accptable
7	parts-Standard		Standard parts of 808nm/mixd 3D/ mix 4D hair removal machine included: handpiece,control board,power supply,screen,driver, temperature switch,water swith,water filter,cooling piece power supply 10Kg

8	parts-Full		complete spare parts for a diode laser machine except machine body case 23Kg
9	D5		vacuum laser 808nm hair removal. Super high effective laser ratio. Windows system. Customers managment system. 500G hard-disk remote training and after sales. LAN/WLAN/WIFI to internet Machine is on the internet. high clear camera. 1 shot 1 session. air pressure adjustable in 8 levels. 3200W vacuum handpiece with big spot 24*35mm. 2400W ice diode handiece with changeable spot 9*9/10*30mm professional treating: big spot for big areas, small spot for small areas Warranty: machine in 5 years. each handle in 50 millions shots within 1 year
10	to order		Customize Machine case design and produce
11	to order		Software customize, write your logo or other functions in software
12	Driver		Driver A, 625cm2 heat radiating area, max. 65A Driver B, 1620cm2 heat radiating area,max. 125A Driver C, 3240cm2 heat radiating area,max. 255A 13	D4-V		vacuum laser 808nm hair removal. Super high effective laser ratio. 1 shot 1 session. air pressure adjustable in 8 levels. 2400W vacuum handpiece with big spot. 1000W ice diode handiece with small spot. professional treating: big spot for big areas, small spot for small areas Warranty: machine in 5 years. each handle in 50 millions shots within 1 year 85Kg
14	D1+		600W 808nm laser hair removal cooling painless 12*16mm handpiece in 1 year warranty,up to 20 millions shots machine in 5 years warranty 30Kg
15	D3		1500W 755/808/1064nm laser hair removal cooling painless 9*9/10*30mm handpiece in 1 year warranty,up to 30 millions shots machine in 5 years warranty 58Kg

16	D18		2000W mixed 755 810 1064 hair removal ice painless 12*21mm handpiece in 1 year warranty,up to 50 millions shots machine in 5 years warranty 58Kg
17	D16		1600W Soprano Titaninum laser hair removal mixed 755/808/1064nm 4K 15.6 inch screen handpiece in 1 year warranty,up to 50 millions shots machine in 5 years warranty 68Kg
18	T1		Laser tattoo removal 1064/755/532nm tattoo removal.pigment removal,skin whitening 26Kg
19	IPL Lamp		variours sizes IPL lamp, F981 ,F1251,F1252 etc
20	IPL handle		customzie and in stock IPL handles new technology(cooling,changeable tips,special filters) requirements are acceptable
21	IPL		1. 1200W power dual IPL handles UK original lamp wavelengths 640/530nm quartz crystal and spot size 14*46mm 60Kg 2. complete spare parts for producing this machine
22	DCOOL		Cooling heating electroporation temp. -15℃ ~ +40℃ 2 pcs of electrode,nutrients absorb help functions for removing Eye rims pouch,Wrinkles V face and skin rejuvenation warranty 1 year 2.3Kg
23	Derma Shine Pro		1. Derma Shine Pro water light injection Skin Moisturizing , Reduce Pores Wrinkle removal to anti Firming and lifting, Skin whitening 32G 9pins, 10 Syringe Types warranty 1 year 3.5 Kg 2. complete spare parts for producing this machine
24	V10		1. Vacuum roller RF 940nm laser slimming Sine wave 3Mhz 500W Laser power 1-40W adjustable 2 handles for body,2 handles for face 56Kg 2. complete spare parts for producing this machine

25	U100		HIFU face lift wrinkle removal skin rejuvenation skin tightening skin whitening 7 deepth cartridges 10Kg
26	Picolaser		1. Picolaser AMBA(UK) 2000W 2 lamps 2 rods 1064nm 532nm 755nm 1-10Hz Semiconductor cooling 600W 90Kg 2. complete spare parts for producing this machine
27	CO2 fractional		1. CO2 fractional laser 10600nm metal RF tube USA Coherent laser 70Kg 2. complete spare parts for producing this machine
28	home hair removal		808nm laser cooling laser hair removal Application: home,nail-beauty store,small beauty clinic 3Kg
29	R&D New device	New device	Customize, create and design new device for you. Delivery time usually 3 months technologies available now are laser,air pressure,cooling,accurate injection,IPL,CO2 laser, picosecond laser,RF,HIFU
